

U3A Port Phillip Christmas Party

This year's annual U3APP Christmas Party was held immediately after the U3APP AGM on Saturday 1st December and attended by a record number of members.

Our Christmas Party provides an excellent opportunity each year for members to gather and reflect on the past year, on friendships made and maintained, on new and continued learning experiences, on special events and seminars enjoyed and much much more.

The party is also an opportunity to share plans, exchange experiences and consider course choices for the year ahead. It was particularly pleasing to see so many of our wonderful tutors in attendance and happy to give of their time. Our new CoM members were also available and made themselves known to the gathering.

This year the hall was full to capacity with standing room only. The new finger food catering worked very well and allowed members to mix more easily. Thank you to Claire Keech for the early organisation and to Di Gameson and team for providing the "sumptuous" afternoon tea that our U3A does so well.

The Events and Catering teams take this opportunity to wish all of our members and tutors the compliments of the season.
